Dietro tutte le trame

Giovanni Tamburino 2022-04-21T00:00:00+02:00 Vi è un protagonista che ha attraversato per mezzo secolo le vicende eversive italiane. Lo troviamo a fianco del presidente degli Stati Uniti e seduto al tavolo da poker con Buscetta, nella fondazione di una massoneria universale e tra i congiurati della Rosa dei Venti, vicino a Junio Valerio Borghese e in rapporti con

vertici militari, della diplomazia e degli affari. È il principe palermitano Gianfranco Alliata di Montereale, uscito indenne dalle vicende penali che lo videro coinvolto a partire da quando il suo nome risuonò tra i mandanti della prima strage della Repubblica, l'eccidio di Portella della Ginestra, essendo stato il suo accusatore avvelenato per tempo in una cella dell'Ucciardone. Un'esistenza rimasta nell'ombra, su cui fa luce il saggio di Giovanni Tamburino, il magistrato che nel 1974 a Padova condusse l'inchiesta contro la struttura eversiva di stampo neofascista denominata Rosa dei Venti. Il volume attinge a una ricca documentazione inedita, custodita nell'Archivio storico della Camera, ad atti giudiziari, a fondi archivistici finora inesplorati (su cui si basa, tra l'altro, la ricostruzione della biografia di Alliata e delle figure da lui incrociate nella Cronologia curata da Maurizio Massignan). Ne è risultata l'evidenza di nessi

inimmaginabili tra organismi (consorterie mafiose, gruppi neofascisti, massoneria occulta, servizi segreti sottomessi) e personaggi (killer di diverso colore, magistrati corrivi, generali infedeli, politici pavidi) che impone una profonda rilettura dell'età dei terrorismi. L'esistenza di un comune obiettivo spiega l'uso sistematico della violenza anche di opposto segno nella manipolazione dei momenti cruciali della storia recente. Il tutto ricordato da una zona grigia che emerge con nitidezza da queste pagine: una rete protettiva, stratificata ed estesa più di quanto si pensasse, la cui esistenza chiarisce le lunghe impunità e i singolari trattamenti riservati agli autori delle stragi e delle violenze.

Manual del Jugador

Profesional Ares Van Jaag

2015-05-07 Esta publicación no pretende ser una obra literaria, ni tan siquiera un libro sino, como su propio título indica, un manual que puede aportarle grandes satisfacciones.

Comenzando por el perfil

psicológico del jugador, en este manual se analizan las leyes del azar y la probabilidad para, después de estudiar las reglas de los diferentes juegos, terminar esta andadura conociendo las progresiones, estrategias y sistemas que nos llevarán a convertirnos en verdaderos expertos del juego. Pero ser un profesional del juego no es fácil. No son bien recibidos en los casinos y la discreción ha de ser fundamental. Tal vez por ello no es raro que el profesional no se de a conocer, usando incluso un pseudónimo para poder ser reconocido por otros jugadores. Este hecho ha complicado más aun si cabe el trabajo de investigación para conseguir toda la información que contiene este manual y con el que probablemente, con el paso del tiempo, no le dejarán entrar en ningún casino.
