Accounting: Chapters 12-18 Charles T. Horngren 2001 The Demo Docs System of instruction replicates the classroom experience by providing more "I get it" moments outside of class. We've talked to tons of POA instructors and our editors have even taken the accounting course (numerous times!) to figure out the following issue in this course that is consistent: & Students understand (or "get it") right after you do a problem in class, but as soon as they leave class, with each passing hour, their ability to do the problems again and complete their homework diminishes to the point of them either having to come to office hours to get help, or they just quit and get behind in the course. & On top of this, you can end up getting behind in the course as well, in order to keep everyone on track. & The Demo Docs system helps to recreate the "I get it" moments outside of class-keeping both you and the students on track.

Financial Accounting Carl Warren 2015-01-01 Close the gap between homework and exam performance with Warren/Reeve/Duchac's FINANCIAL ACCOUNTING 14E! Market-leading FINANCIAL ACCOUNTING has been on the forefront of innovation and change based on the needs of today's teaching and learning environment. Warren/Reeve/Duchac's FINANCIAL ACCOUNTING 14e helps elevate student thinking with content that addresses each stage of the learning process from motivation to mastery. It motivates students to learn, provides practice opportunities to better prepare for exams, and helps students achieve mastery with tools to help them make connections and see the big picture. The Complete Learning System in FINANCIAL ACCOUNTING is built around the way

students use textbooks to learn, study and complete homework, allowing them to achieve ultimate success in this course. The most significant changes for this edition involve the inclusion of the new revenue recognition standard. The end goal of Warren/Reeve/Duchac's FINANCIAL ACCOUNTING learning system is to elevate thinking and create more empowered and prepared students--ready to take on the rest of their educational and career goals. Valuation Challenges and Solutions in Contemporary Businesses

Köseo?lu, Sinem Derindere 2019-11-29 Defining the value of an entire company can be challenging, especially for large, highly competitive business markets. While the main goal for many companies is to increase their market value, understanding the advanced techniques and determining the best course of action to maximize profits can puzzle both academic and business professionals alike. Valuation Challenges and Solutions in Contemporary Businesses provides emerging research exploring theoretical and practical aspects of income-based, market-based, and asset-based valuation approaches and applications within the financial sciences. Featuring coverage on a broad range of topics such as growth rate, diverse business, and market value, this book is ideally designed for financial officers, business professionals, company managers, CEOs, corporate professionals, academicians, researchers, and students seeking current research on the challenging aspects of firm valuation and an assortment of possible solution-driven concepts.

Books in Print Supplement 1985

Financial Accounting Theory William R. Scott 2014-03-20 Financial Accounting Theory provides a thorough presentation of financial accounting theories. This new edition continues to include considerable coverage of accounting standards oriented to IASB standards as well as major U.S. accounting standards. While the text discussion concentrates on relating standards to the theoretical framework of the book, the coverage provides students with exposure to the contents of the standards themselves.
