bilingual, Manitoba endured charged demonstrations, grimly fought plebiscites, and legislative filibustering. Towards the end of the crisis, legislative paralysis set in and the government itself ground to a halt. Hébert argues that, far from being a spontaneous populist movement, the crisis was largely manufactured by a few individuals, some of whom were in the Legislative Assembly itself.

### **Women in Zones of Conflict**

Tami Amanda Jacoby 2005-10-06 Filling a void in feminist studies of women and war, *Women in Zones of Conflict* challenges the traditional view, which suggests a natural connection between women and pacifism based on

the feminine qualities of caring, cooperation, and empathy.

Feminist studies of nationalism also envision women as either victimized by patriarchy within nationalist movements or as adopting masculine qualities to conform to the culture of their male compatriots. Jacoby takes an alternative approach, considering how women are situated across the political spectrum. She argues that when categories other than gender - such as class, ethnicity, religion, and political perspective - are considered, there is no single perspective on what it means to be a woman in conflict.

Right-Wing Extremism in Canada Barbara Perry 2019-08-19

This book comprehensively examines right-wing extremism (RWE) in Canada, discussing the lengthy history of violence and distribution, ideological bases, actions, organizational capacity and connectivity of these extremist groups. It explores the current landscape, the factors that give rise to and minimise these extremist groups, strategies for countering these groups, and the emergence of the 'Alt-Right'. It draws on interviews with law enforcement officials, community activists, and current and former right-wing activists to inform and offer practical advice, paired with analyses of open source intelligence on the state of the RWE movement in Canada. The historical and contemporary contours of right-wing extremism in Canada are situated within the social, political, and cultural landscape that has shaped
