The Dolphin Way Shimi Kang 2014-05-01 In this inspiring book, Harvard-trained child and adult psychiatrist and expert in human motivation Dr. Shimi Kang provides a guide to the art and science of inspiring children to develop their own internal drive and a lifelong love of learning. Drawing on the latest neuroscience and behavioral research, Dr. Kang shows why pushy “tiger parents” and permissive “jellyfish parents” actually hinder self-motivation. She proposes a powerful new parenting model: the intelligent, joyful, playful, highly social dolphin. Dolphin parents focus on maintaining balance in their children's lives to gently yet authoritatively guide them toward lasting health, happiness, and success. As the medical director for Child and Youth Mental Health community programs in Vancouver, British Columbia, Dr. Kang has witnessed firsthand the consequences of parental pressure: anxiety disorders, high stress levels, suicides, and addictions. As the mother of three children and as the daughter of immigrant parents who struggled to give their children the “best” in life—Dr. Kang's mother could not read and her father taught her math while they drove around in his taxicab—Dr. Kang argues that often the simplest “benefits” we give our children are the most valuable. By trusting our deepest intuitions about what is best for our kids, we

will in turn allow them to develop key dolphin traits to enable them to thrive in an increasingly complex world: adaptability, community-mindedness, creativity, and critical thinking. Life is a journey through ever-changing waters, and dolphin parents know that the most valuable help we can give our children is to assist them in developing their own inner compass. Combining irrefutable science with unforgettable real-life stories, *The Dolphin Way* walks readers through Dr. Kang's four-part method for cultivating self-motivation. The book makes a powerful case that we are not forced to choose between being permissive or controlling. The third option—the option that will prepare our kids for success in a future that will require adaptability—is the dolphin way.

Zurück ins Leben geliebt Colleen Hoover 2016-07-22 Als Tate zum Studium

nach San Francisco zieht, stolpert sie dort gleich am ersten Abend über Miles Archer: Miles, der Freund ihres Bruders, der niemals lächelt, meistens schweigt und offensichtlich eine schwere Bürde mit sich herumträgt. Miles, der so attraktiv ist, dass Tate bei seinem Anblick Herzflattern und weiche Knie bekommt. Miles, der, wie er selbst zugibt, seit sechs Jahren keine Frau mehr geküsst hat. Miles, von dem Tate sich besser fernhalten sollte, wenn ihr ihr Gefühlsleben lieb ist ...

Der Mönch von Mokka Dave Eggers 2018-10-04 Eine koffeinhaltige Abenteuergeschichte. Es ist eine wahre, mitreißende Geschichte, die Dave Eggers in seinem neuen Buch erzählt. Ein junger Mann aus San Francisco, als Kind aus dem Jemen eingewandert, entdeckt die uralte Kaffeetradition seiner Heimat wieder und macht sich auf, das Leben der jemenitischen Kaffeebauern nachhaltig zu verändern. Mokhtar Alkhanshali ist ein 24-jähriger Portier in San Francisco. Als Junge ist er mit seiner Familie aus dem Jemen in die USA eingewandert, und irgendwie gelang ihm nichts so richtig. Bis er die jahrhundertalte Kaffeetradition des Jemen entdeckt und den Plan fasst, sie wiederzubeleben. Er stürzt sich mit Leidenschaft in die Recherche, bildet sich fort und wird der erste international zertifizierte arabischstämmige Experte für Arabica-Kaffee. Mokhtar reist in den Jemen, um sich mit Kaffeeplantagenbesitzern zu treffen und seinen Geschäftsplan zu verwirklichen: unter fairen Bedingungen Kaffee anzubauen und in die USA zu exportieren. Als 2015 während seiner Reise der Krieg ausbricht und die Bomben der Saudis sein Leben bedrohen, muss Mokhtar einen Weg aus dem Land finden, ohne seine Identität und seine noch im Jemen lebende Familie zu verraten. Er schafft es unter dramatischen Umständen, mit dem Boot zu entkommen und kann nach Monaten und Jahren zähen Ringens und banger Wartens in den USA seine Firma eröffnen. "Port of Mokha" gilt weltweit als einer der besten und teuersten Kaffees, der zu fairen Preisen für alle an der Produktion und Veredelung Beteiligten verkauft wird und der Mokhtars Landsleuten zu einem besseren Leben verhilft.

The Everything Parent's Guide to Children with Asperger's Syndrome William Stillman 2010-10-18 The clinical diagnosis of Asperger's can be intimidating for parents. Often the focus is on their child's "disabilities" rather than his "abilities," and parents may be left wondering what they should expect as their child journeys through life. This guide helps you take the first steps toward understanding how this developmental disorder may impact your child. This uncomplicated handbook introduces you to Asperger's and helps you to: Get a diagnosis and understand the results Identify triggers that can lead to sensory overload Recognize symptoms of meltdowns and work to prevent them Educate family and friends about Asperger's Discover support groups for themselves and their child Now revised and updated, this new edition includes information on educational concerns and social interactions. This is the only resource you need to help your child overcome the obstacles of Asperger's and find success--and happiness.

The Empathic Parent's Guide to Raising a Highly Sensitive and Anxious Child Freeda Meighan 2020-10-02 Discover how to empower your children to believe in themselves Is your child having first school day jitters far too long? Does he cry whenever you drop him off at school? Does he clam up during recitations? Is he afraid of situations where there are a lot of other people? Have other people called your child 'too sensitive'? Do you have children who cry too easily or have too many particular demands? Have you felt at a loss on how to confront your child who may be too emotional and flies off into

tantrums easily? This book is a product of my own experience of taking care of a highly sensitive and anxious child. Hopefully, the insights I have gathered from my personal experience with HSC may also help other parents in taking better care of their children. Highly sensitive children are more prone to social anxiety. These children may also experience a lot of stress when they are thinking of engaging in situations where they have to interact with other people. And this can be quite a problem when they start going to school or develop friendships. If your child is also a highly sensitive child, the anxiety may even be more magnified. This book will help you understand your child's condition. I have my own experience of handling an anxious child. I have also experienced the difficulty of training my children in terms of developing social skills. This book will help other parents with socially anxious children cope with this condition. In this book, you will learn: How social anxiety develops in children Various anxiety symptoms your children may be suffering from Potential threats to development that may affect your children in their adulthood Perspectives and strategies on raising a socially anxious child Powerful words to say to your children that will surely boost their confidence What a highly sensitive child is and what causes such a personality trait Ways on disciplining a highly sensitive child Proper attitude and approaches to adopt when caring for a highly sensitive child Issues that may hound a highly sensitive child in his adulthood Get this book and you will feel more empowered in your parenting. Let me help you because I've been there and I don't want other parents to suffer alone. Raise your children with an understanding of their situation. Let this book guide you as you raise your children to become resilient and confident just as they are.

TV-proof Your Kids Lauryn Axelrod 1997 Offers strategies to parents for choosing appropriate shows, counteracting undesirable values, and teaching their children to recognize advertising ploys

The Parents' Guide to Managing Anxiety in Children with Autism Raelene Dundon 2019 This book draws on the author's clinical experience working with children with autism and their families to provide parents and carers with an explanation of what anxiety is, what behaviours may indicate high levels of anxiety, and practical advice on how they can help children with autism manage their anxiety effectively.

Time Out! Malin Alfvén 2015-02-10 "I've failed as a parent," is a common statement of resignation when a child suddenly becomes awkward, defiant, angry, or generally impossible. What worked to calm them down a year ago might not necessarily work now and the parent blames herself for being too lenient or too strict. There's usually nothing developmentally wrong with an unruly child, but it can be a pain to deal with. Written by two child psychologists, outlines all of the developmental stages toddlers, children, and adolescents transition through, and how their behavior reflects that. With humorous anecdotes from real parents who have dealt with the same "crises" as most other parents, this guide offers hands-on-advice to deal with problems and also laugh a little.

Dyslexia Dr Helen Likerian 2012-08-31 Many children spend their entire school lives struggling with their school work. Research has shown that at least 10-15 per cent of children with apparently normal learning ability will have a significant problem with school learning. They may feel that whatever they do it is not good enough - either for their parents, their teachers or indeed themselves. This can often result in feelings of demoralisation, and even alienation from learning and school. This book aims to address these issues and to help parents understand and deal with them. **Dyslexia: A Parents' Guide** starts by correcting common misconceptions of learning difficulties that are rife in the press and popular literature, and addresses the conflicting approaches and advice from 'experts'. This authoritative guide then moves through diagnosis – with information on dyslexia, dyspraxia, ADHD, dyscalculia and more – to offering practical and easy tips to enable parents to help their child overcome their learning difficulty. Both authors are practising psychologists with extensive knowledge and experience of children's learning difficulties. They will show parents how to develop a successful approach to assessing and subsequently managing their child's difficulties.
